

The Drive of Your Life

Imagine ...

...Christianity is like a car! And churches are like the dealership outlets where the car is for sale. Give or take a few small differences, most churches are selling pretty much the same model – let's call it the Jesus-Car! We know you are used to the car you already have, but we'd like to try and persuade you that the Jesus-Car is just something different altogether. The Jesus-Car is truly, to borrow a phrase from Mercedes, *engineered to move the human spirit!*

This Sunday morning sermon series uses the illustration of a choosing a car to explore what it really means to be a Christian. We hope you'll join us for the ride! For added fun, see if you can match the sermon titles to the car advert from which we've pinched them.
